WORK EXPERIENCE

Creative Web Developer

Synermaxx Corporation | August 2024 – October 2026

- Designed and developed scalable web applications utilizing Nuxt.js, Vue and ReactJS, aligning UI components with design and branding standards.
- Integrated frontend applications with backend services via REST APIs to ensure seamless data flow and functionality.
- Troubleshot and resolved frontend bugs, ensuring cross-browser compatibility and mobile responsiveness.
- Implemented technical SEO standards and best practices to improve overall website performance and user experience.

Web Developer Intern

Advanced Media Tech IT Solution | March 2024 – June 2024

- Developed responsive, accessible, and highly performant user interfaces from scratch using TailwindCSS, HTML, CSS, and JavaScript.
- Conducted rigorous frontend testing and debugging to resolve cross-browser and cross-device compatibility issues efficiently.
- Developed a fully functional e-commerce platform using WordPress (WooCommerce), managing precise plugin integration.
